# IS 27 K - IS 34.06 K

the intercooler W/A assures the perfect functioning of the generator independently of the external ambient temperature, therefore the alternator and the engine will work at ideal temperature optimizing the performance and reliability of the gen-set. The generator may be installed in any room on the vessel without the need of ventilation blowers.

Extremely compact and quiet, the generator is equipped with a double shock absorbing system to increase comfort: the first one absorbs vibrations from engine-alternator to the frame, the second one absorbs residual micro-vibrations from frame to vessel.

We reserve the right to modify the data, images and drawings in this document without prior notice.

For more detailed information, please contact your local distributor or Mase Generators S.p.A.

### INPUT/OUTPUT FUEL PIPE

EASY INSTALLATION

## IS 27 K

### IS 34.06 K

# CE Output power 27 kW 50 Hz - 30 kW 60 Hz

#### **CONTROL PANEL**

\_ CBU EVO IL4 device controls and drives the genset. The large display and control pushbuttons allow an easy use and monitoring:

- Manual start
- Voltage Vac
- Frequency Hz
- Hour meter
- Genset Battery voltage
- · Low oil pressure alarm
- Engine preheating
- Engine high temperature alarm
- Alternator battery charger failure alarm
- Protection alarm for frequency and rpm
- Alarm history
- Maintenance warning
- General alarm outlet
- RUN outlet
- Ready outlet
- Programmable AUX outlet

\_ Emergency stop button

2.

4.

Magneto-thermal protection

#### **ENGINE**

\_ Easy maintenance access to the feeding and lubrification systems, the sea water pump and the air filter

\_ Double vibration dumping system

\_ Oil drain pump

#### SOUNDPROOF CABIN

\_ Made of extremely light marine aluminum with very high resistance to external agents

#### Insulated poles kit (for metal hull boats), dry exhaust kit and keel cooling kit are available on request

IS 34.06 K

# **C E** Output power 27 kW 50 Hz - 30 kW 60 Hz

AC alternator - Cooling - Voltage - Frequency -	Air / Water (Int	ergized, brushless, with AVR		
Voltage - Frequency -		arcoolor M( / A)
